- **Alcohol:** Your allowance may be used on alcoholic beverages, whether enjoying a cocktail with friends or trying a new bottle of wine with a loved one. You may also purchase bottles of wine with the convenience of corking for enjoyment within the community. Single servings of wine and beer are available to-go or for delivery where local laws permit.
- **Catering & Private Dining:** Our expert chefs are ready to cater to you, whether for a personal celebration in the private dining room or a dinner in your home that is sure to impress your guests.
- **Delivery/To-Go:** Delight in the convenience of having delicious meals delivered directly to your home to enjoy there or take with you.
- **Guest/Family Meals:** Treat your guests to a delightful meal experience when they visit. Keep in mind that unused allowances expire upon moving out of the community.
- **Tips:** Our dedicated staff is here to ensure your dining experiences are exceptional. We don't accept tips, so the cost of your meal or catered event doesn't incur added fees.

Unused allowance at the end of the month may partially roll over to the next month. Like an all-inclusive resort where the fee isn't refunded if you dine off-site, Touchmark also doesn't refund unused Choice Dining allowances. The Choice Dining allowance is non-refundable because it is designed to encourage you to fully experience everything the Full Life has to offer. Treat yourself to your favorite appetizer, a Gold Standard Margarita, or host an event with loved ones—there's always something to savor. Any additional spending on food and beverage beyond your monthly per-person allowance will be conveniently billed to your account.

Join us at Touchmark to experience how our Choice Dining program enhances our community's reputation for exceptional quality and hospitality. At Touchmark, it's all about choice.

\*Some rules and restrictions apply. The Choice Dining program does not apply to third-party catering, excursions to local restaurants, or unprepared food/supplies sold at community stores. However, your allowance can be applied to events where community-prepared culinary options are offered.
